REGULAR MEETING OF M. D. BOW VALLEY

REGULAR MEETING OF TOWN COUNCIL

A regular meeting of the Council of M. D. Bow Valley, No. 219, was held in the Municipal Office, Strathmore, on Thursday, May 12th, 1927, commencing at 10:30 a.m. All councillors present.

The Minutes of the last meeting were adopted as read.

No grant was made to the Women's Institute towards building a rest room in the Town of Strathmore.

Petition was received asking that the road north from Namska be improved and this petition was acknowledged by the council.

Payment for Road Diversions in the N.E. 26-22-W. 4th, and the S.W. 27-24-W. 4th, were authorized.

The statement of the finances of the municipality as at March 31st and April 30th, 1927, were submitted to the Council.

The Municipal Mill Rate was set at 5 1/2 mills on the dollar, of assessed valuation.

Mills rates for school purposes were as follows for 1927: Namska S. D. 9; Orange Valley S. D. 7 1/2; Crowfoot S. D. 6; Berta Vale S. D. 9 1/2; Aldenstad S. D. 11; Chendale S. D. 10; Chisler Hill S. Tenders were authorized called for to cover the work to be done under the provisions of the Government Grant agreement. Such tenders to be asked for as soon as specifications have been prepared, and to conform to the standards required by the Government Engineer.

Six men "Beeper Go Show" were authorized purchased for use of the grader on the big grader to enable him to post the roads leading into and the road being worked on.

A number of bills and accounts were passed for payment.

D. N. GARDNER, Secretary-Treasurer

A regular meeting of the Strathmore Council was held on Tuesday night, with Mayor Shrimpton presiding, and Councillors Bailey, Miner, Saunders, Quinn and Schutte present.

The minutes of the previous meeting were read, and upon resolution adopted.

It was reported that Mr. Frank Shene had made a trip to Edmonton representing the Town in the matter of having the Government put the Calgary Highway in proper condition.

Mr. Shene was expected to attend the meeting, but was unable to come, but it was reported unofficially that the outlook was not encouraging; the Government very lacking in giving the matter even a sympathetic hearing. It was thought better to wait until Mr. Shene makes a report before commencing upon Mr. Buckley's efforts.

The plan submitted for the extending to N. R. Lambert's building was accepted.

Secretary-Treasurer T. M. Wears reported that an appeal had been entered against the judgment of the Court of Revision in regard to the C. C. North farm assessed at \$16,000, and he was instructed by the Council to proceed in opposition to the appeal, which will come before a Judge in due course.

Last November a grant was made to the Women's Institute of \$100 for carrying on the Rest Room work during the winter. The members of the Institute were able to get through without calling for the grant, and now requested that this amount be transferred to their building fund, which, upon motion was passed. The Women's Institute are protecting the Town very fully in connection with their new building, having arranged for it to revert to the Town at any time their organization fails to carry on the work.

The resignation of Dr. J. W. Moore, Councillor and Member of the Town Council, was received, and Dr. J. W. Giffen was appointed Health Officer, and Mr. Wears will arrange to hold an election to fill vacancy at the Council Board.

A small grant of \$10 was made to the Salvation Army in connection with their welfare work.

By-law No. 126, authorizing a loan of \$2,000 from the Royal Bank, to carry on until taxes are paid, was read and passed. It was thought that possibly \$500 would carry them over, and the Mayor and Secretary will obtain the latter amount from the bank in the meantime.

Councillor Bailey's term of office as Deputy Mayor, will expire June 1, and Councillor Quinn will fill this position with his usual dignity and grace during the months of June, July, and August.

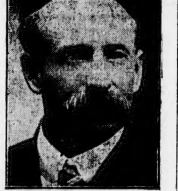

The Secretary-Treasurer was instructed to collect the minimum school tax as was done in 1926.

The offer of \$500, 1927 taxes, and legal expenses, was accepted for lots 29 and 40, block 14, from Thos. L. Chamberlain.

The fire equipment will be insured for \$1,000.

It was "clean-up night", and Mr. Wears was given very specific instructions to take after a number of residents who are failing to keep a number of misunderstandings were cleared up satisfactorily.

Field Supervisor Renton, of the Dept. of Agriculture, had opened a light barrage upon the perennial weed of Canada, and was just beginning to hit the "high spots" when the fire alarm sounded, and in a few seconds you couldn't find the mayor or councillors, each of whom were making record time in getting to the configuration.

DR. SEAGER WHEELER
Noted authority on wheat, who stated in a recent interview, notwithstanding the recent storms and late spring, conditions were ideal for a good crop this year. He also stated that the hail belt in Saskatchewan is gradually moving north, and in time hail in this section will be almost unknown.

JONES, the Exalted Ruler of the Elks, looking pretty sleepy after an all-night vigil at the bedside of his \$1,000 Holstein bull that had strayed away and become mired. F. H. NEW TAX RATE 76 MILLS

A special meeting of the Council was held on Wednesday morning for the purpose of considering the budget and setting the new tax rate for 1927.

After carefully considering the needs of each department, and making comparisons with the 1926 expenditures, the Council arrived at the decision that by very careful management for the year, notwithstanding an increase of \$700 required for school purposes, that the same mill rate would get them through.

This rate was 76 mills with the Supplementary Tax of 1 mill, which was grabbed off by the Provincial Government, making a total of 80 mills.

A discount of 5% will be allowed on general and school taxes, but not the supplementary tax, if paid on or before June 30th.

Field Supervisor Renton, representing the Provincial Government, was present, and offered some suggestions upon handling the noxious weed problem, among which is the appointing of a weed inspector. As the meeting was a special, only the tax levy could be dealt with, and the weed problem was put over until next meeting.

CONVENTION HALL FOR EMPLOYEES

OSHWAGA—The convention hall recently completed by General Motors of Canada, Limited, for the use of its Oshwaga employees, is the center of almost nightly activities, ranging from purely social affairs to serious education and artistic endeavors.

At a cost of about \$100,000, the structure formerly used for a lunch room was altered and refurnished so that it now serves equally well as a theatre, motion picture house, dance floor or lecture hall. The exterior is attractively finished in brown stain with white trim.

No charge is made for the use of the building. Its purpose is to provide an accessible focal point and the inspiration of group spirit for all activities which knit together more closely the factory personnel.

Several organizations have regularly each week at the theatre hall. One night is set aside for practice by the factory symphony orchestra of thirty pieces. Another is reserved for the General Motors mixed chorus of seventy-five voices. A weekly dance is given by the ladies' auxiliary of the General Motors football team.

One of the most serious groups using the hall includes one hundred factory men who are taking courses in the General Motors University. They meet each Monday to discuss their mutual problems and topics of general interest.

Many of these men are also taking public speaking course conducted at Oshwaga once a week by Prof. W. J. Hoskin, of the University of Toronto. Incidentally, thirty of the 45 students in the course are factory employees, the remainder belonging to the office staff.

Hamilton's air port comes into operation May 1st. The property used is four hundred acres in extent. A large hangar is being constructed and the old hotel on the property will be remodelled as an aviation boarding school.

Driven by over-population to eating bark of trees and seaweed from the ocean, the wild geese of Grouse Island are changing their habits and, in some respects, their form. They are learning to climb leaning trees in search of foliage.

According to recent game regulations in the Province of Alberta, prairie chicken, grouse, partridge, greater and lesser yellow legs, black breasted and golden plover, are now on the protected list, while the bay on Hungarian partridge, north of the North Saskatchewan River, has been lifted.

It has been announced by Premier Ferguson, of Ontario, that the Government proposes to foster the creation of an industrial research institution with an endowment of \$2,000,000 for the purpose of solving scientific problems of production and process for Canadian industries.

While on a tour of the Maritimes recently, Dr. F. T. Wahlen, chief of the seed branch of the Department of Agriculture at Ottawa was of the opinion that a great deal more of the seed used in these provinces should be grown on their own farms. The seed is very hardy, he declared, and, with proper care, a market could be established in the northern states of the Union, and the crop profitably disposed of.

The versatility of the seaplane was ably demonstrated recently. C. F. Tennesso, a Swedish sea captain, with urgent business in Shanghai, was taken from the Canadian Pacific Toronto Express at Mission City, B.C., and rushed by seaplane to the outer wharf at Vancouver, where he caught the flagship of the Canadian Pacific fleet, the "Empress of Canada" for the Orient. The seaplane was landed on the Fraser River within easy reach of the depot.

The season for bass fishing in Ontario, with the exceptions of the St. Lawrence and the Ottawa Rivers, has been shortened this year by about a fortnight, opening July 1 and ending November 30, according to information given out by the tourist department of the Canadian Pacific Railway. This action was taken by the Ontario Provincial Government when it was found out that bass had not finished spawning when the season opened June 15 in previous years. The same ruling applies to muscalunge fishing in Ontario this year.

Canada is sending increasing supplies of tobacco to the West of England, according to the Trade Commissioner at Bristol. One organization has built a factory in Ontario, have their own buyers, and are packing the leaf, Canadian Bury, to suit the English trade. Consumers in England are getting used to Canadian tobacco and with the Empire preferential duty, which amounts to 48 cents per pound less than the duty on foreign tobacco, increased quantities of Canadian Bury will find their way to the United Kingdom.

In token of the fact that this year is the Diamond Jubilee of Confederation in Canada, E. W. Miss Carter, who is in her 78th year, has accepted, and it is expected that she will meet Sir Hugh MacDonald, son of Sir John A. MacDonald, another Confederation Father, who is a police magistrate in Winnipeg.

RALSTON: POLITICAL FIND

OTTAWA: The Prime Minister's tribute to Col. Ralston, his Minister of Militia, before the Governor General's Foot Guards, was well deserved. The last election brought few men of stature or promise to Parliament, but Col. Ralston was an outstanding exception. Maritime politicians for their ability—and they have given some of the most salient figures to Parliament since Confederation—are not noted for their breadth of outlook or for their freedom from bitter personalities.

Col. Ralston, however, is a notable exception. An able lawyer, a keen student of public affairs, and a thor-

ough Canadian. Col. Ralston gave the impression during the past session that he has the highest qualifications for the right kind of public service. In putting through his estimates he was clearly master of the details as well as the broadest principles that govern his department, and he displayed a detachment from party narrowness, and a fairness to opponents that made him stand out. A man of such character, no matter what his party allegiance, is a fine asset for the country.

EMPIRE DAY, ONE COUNTRY, ONE FLAG

Empire Day will be fittingly celebrated in Strathmore next Tuesday, and it is hoped that all the surrounding schools will come and take part in the patriotic exercises, and also join in the sports of the day.

Chairman Francis and his committee have given much time and thought to the program, and each and every child present will be well rewarded for their interest and assistance.

CELEBRATE DIAMOND JUBILEE SATURDAY JULY SECOND

The Diamond Jubilee meeting called by Mayor Strathmore, was held on Wednesday night, and the Mayor was made chairman, with T. M. Wears secretary. These with the executive committee will make arrangements for the special committee to carry on the work for celebrating the Diamond Jubilee of the Canadian Confederation.

The committee will require funds to carry on this work, and no doubt appeals will be made to the Town Council and the Municipality of Bow Valley.

This is a national work, being carried out by special request from the National committee at Ottawa.

Only from such sources may revenue be received, and the taxpayers given an opportunity in assisting financially in the celebration of the greatest event in the history of Canada.

The Jubilee Committee decided to make the Bow Valley Celebration at the opening of the official grounds at the Bow River, by holding the local celebration on Saturday, July 2nd.

Let everyone, as soon as the Empire Day celebration has passed, get behind the Mayor and his committee, and help to make the Strathmore day a real day, a fitting celebration of the first and last Diamond Jubilee of Confederation that you will ever have the opportunity of celebrating, and make it a day for all the young Canadians to look forward to, and one that they will always remember.

In your part to help them to be proud of being Canadians.

REMEMBER THE DAY, SATURDAY, JULY 2ND.

existed in the newspaper industry. Fluctuation in demand from the United States played havoc with plant operations and cost of production. In order to overcome this situation, the majority of the larger producers established a central marketing agency, which has had the effect of regulating supplies and maintaining prices. While it is true that Canadian millers could in no wise effect control of price, yet through mutual cooperation they could avoid the necessity of competing with each other in markets where the natural outlets of domestic wheat flour.

Moreover, the formation of a central selling agency by these five companies would effect considerable saving in sales expenditure. It seems an opportunity, therefore, for these millers to get together and put the industry in a position which its importance justifies.

PLACING MATCH SHOULD SOON BE ORGANISED

The initial placing match held last year made a splendid start, and gave very general satisfaction to not only the contestants, but to the spectators.

The season has almost arrived when the organization should be completed, and the date named in order that new contestants may make proper preparations.

John G. Kaynor, of the Saskatchewan Department of Agriculture estimates that thirty demonstrations will be held in that province in 1927, against about ten in 1925.

The demonstrations are conducted by two members of the Agricultural staff.

About one half the price money is provided by the Provincial Government, with a limit of about \$50.

The Strathmore Agricultural Society should get after the Hon. George Woodley, and get him to supplement the local price; even \$20 would swell up some of the smaller prizes.

In Ontario the Plowing Match are drawing a much larger attendance than the smaller fairs.

Strathmore got off to a splendid start last year, and it should be the beginning of what will grow into a most successful feature of great value to the young agriculturist, and of very distinct benefit to the town, in bringing together those who are vitally interested in the welfare of the farm industry.

The Girl Guides in the presentation of the "Fairies" last week, began their performance promptly on time. Strathmore people, in the matter of being dilatory in beginning meetings, may not be any worse than are many other places, but they certainly are not entitled to any medals for their record in getting meetings started on time.

So much has this become a custom that very few ever think of being on time, hence meetings drag along over a long evening, when they might easily be finished in a much shorter time, and leave those who attend a freedom for other affairs.

The Girl Guide, under the discipline of their leader, Mrs. Douglas French, notwithstanding the numerous details in the production of an entertainment such as the Fairies, set all as a splendid example in promptness, that may well be copied.

Such a lesson to the bright young girls who took part in the performance carries with it no end of value in their future lives, and presented very clearly the beneficial training which a regular part of the work of the Girl Guides of which the 1st troop of Strathmore is such a pleasing product.

KEEP IT MOVING

The farmer sells a load of wheat, and all the world grows fair and sweet; He hums a couple of cheerful tunes, and pays the grocer for his prunes. The grocer, who has had the blues, now buys his wife a pair of shoes. That ten the shoemaker thinks God sent, and runs and pays it on the rent. That day the rent man hands the bill to Doctor Eakins for a pill. And Doctor Eakins tells his frau that business is improving now. And cheers her up and says: "My dear, you've been quite foolish for a year. I'm thinking you should take a rest; you'd better take a trip out West." And in a couple of days the frau is on the farm of Joshua Howe. She pays her board to Farmer Howe, who takes the bill and says "I s'pose!" Here's something that just can't be beat. This bill's the one I got to wheat.

He hums a couple of cheerful tunes, and goes and buys a lot more prunes. —Fort William/Port Arthur (Ont.) Rotary Elevator

CARSELAND

The sudden death occurred last Thursday morning, at the General Hospital, Calgary, of Alberta Garnett, aged 3 years, daughter of Mrs. Edwin Garnett, of this district.

What might have been a serious accident last Monday, from a runaway team, south of town, in charge of Jack Baker, Mr. Baker was thrown from the wagon and dragged a considerable distance, when found by his Haskayne, who was unconscious, and he rushed him back to town, and called in medical aid.

The Carceland baseball grounds have undergone a complete change, under the able management of grounds committee, R. W. Portner. In their first try-out Thursday night, the team seemed to have a lease on new life on their improved grounds.

NOTICE

Owing to the scarcity of meat and the high prices of same, together with the wholesale limiting our credit to fifteen days only, we find it impossible to carry any account over thirty days. We appreciate your business, and will give you good service and close prices, and we ask for your co-operation to help us meet our obligations. The beef situation today is very serious and is far shorter than during the war, and people do not realize what a hard time butchers are having to get meat. A great number of shops in Calgary have had to close down. We ask you to eat meat sparingly because if we have to ship in from outside points, meat will be very high.

BASEBALL GAME

Last Wednesday Carlton Jr. vs.
Rockyford Jr. at the Rockyford Ball
Park, was a very interesting game.
Each a poor turnout of Rockyford
fans that it seemed as if baseball was
not appreciated any more in this town.
Carlton was well represented. The
game was 4-8 in favor of the local
boys. Carlton played a very fair
game. Let's have a little more in-
terest in these baseball games. We
have some good makings for ball
players in some of our local boys.

THEM, WHY NOT ROCKYFORD
Rockyford has the reputation more
or less of accomplishing anything it
undertakes. Our Rockyford Hall is an
example of this, and there is no reason
why, with our efficient council at its
head, that we should not have a power
line in here. We are badly in need of
street lights. Let's start the ball roll-
ing and be progressive.

TUDOR

The Tudor Sunday School resumed
its session last Saturday, May 16th.
The following officers were elected: Rev.
Mrs. Helen H. Sammler; Asst. Supr.,
Mrs. A. W. Thorburn; Secretary,
Miss Anna Thorburn; Treasurer,
Miss Anna Thorburn; Teachers, Bel-
lor, Mrs. Sanderson; Intermediate,
Mrs. A. W. Miller; Juniors, Mr. Dwyer;
Primary, Miss Anna Peterson. There
was a good attendance, and the teach-
ers and staff cordially invite everyone
in the district interested in scripture

ROCKYFORD

We are glad to see that the Village
streets are being dragged, as there is
certainly room for a lot of improve-
ment. Also, just as a suggestion, would
it not be a good idea for the Village
to have a culvert fixed at the corner
of Pender's Hardware store? This is a
dangerous place, and should be repaired
before we have another serious ac-
cident.

The Executives of the Rockyford
Golf Club have decided to let all the
members, men and women, try for
this year. Come on girls, let's try for
one of those wonderful scores we hear
about.

Most of the wheat in the district
is now seed. Quite a lot is up and
looking fine. There is plenty of mois-
ture to carry the crop on for a long
time yet. Trees are all in bud and
the country is looking very wet just
now. Most people are busy fixing
their gardens.

home of Mrs. Frank Ryan on Tuesday
May 16th. The program of the evening
was followed by two very interest-
ing addresses, one by Mrs. Ernest on
the subject: "The Education of the
Child in the Home"; and the other
by Mrs. Bert Wyman on "The Woman
and Her Job". Delightful refresh-
ments were served by the hostess at
10 o'clock of the meeting. On May 20th,
at 3 o'clock, in the basement of the
Union Church, the ladies of Rockyford
will have the opportunity of hearing
an address by Mrs. E. E. Wyman, pres-
ident and convener of legislation for

DALEMEAD

A most interesting meeting of the
Junior U.F.A. was held in the Com-
munity Hall last Saturday evening,
when about eighteen members and
visitors were present. The program,
which was varied, included a fine talk
by Gladys Conner on her trip to one
of the largest cities in America
while on her recent journey to the
U.S.A. At the conclusion of her ad-
dress she showed several specimens
of manufactured milk, taken from the
milk. A short message was given by
Charlie Horstman at the Diamond
Jubilee Celebration, in which he urged
the local to commence their work in
anticipation of this event. A commit-
tee of three was elected to work out
a program in cooperation with all the
other community clubs. The local also
intends holding a picnic on the 27th,
and at the close of the meeting, two
vocal numbers were presented by Mar-
garet and Bert Thompson, and Gordon.

There's nothing to fix up these
jottings. The tough side of it is getting
it rounded up. Phone #2006 your
week facts, and well fix them up.
Let's just have a real newsy treat in
each week's Standard.

The Deaconess Sunday School recent-
ly elected Mrs. Conner and Mr. C. C.
Hill as its representatives on the
Jubilee committee.

Funeral services of Bert Casey, who
passed away on Monday, May 9th, in
the Holy Cross hospital, Calgary, took
place in the funeral home last Wednesday
afternoon. The services, which were
attended by a large number of his
friends, was conducted by Rev. Percy
Johnson. Mrs. C. Robinson sang
"Thyons" beautiful hymn "Crossing
the Bar", while the pallbearers were
Messrs. J. H. Dixon, C. Conner,
Charlie Robinson, R. A. Newton and
Archie Stewart. The remains were
laid at rest in the Deaconess Cem-
tery.

The Sage, Dixon, and Holmes fam-
ilies motored to Vulcan last Sunday.

The district has had quite a slice of
mumps, etc., but reports are getting
cheerier every day, so the pests are
evidently receding.
